ART INSPIRED BY THE CHILDREN OF GAZA

لحظات صغيرة من الجمال والحقيقة

An exhibition and auction on the theme of childhood, to raise money and awareness of Gaza Children's Cinema, a charity/project that gives children in Palestine the opportunity to experience, and engage with, the wonder and joy of cinema.

Gaza Children's Cinema offers a rare space where children can be children and where all of their stories can be processed and shared.

This project promotes and embraces the right to curiosity and playfulness for all children, and the link between humanity and creativity.
